1. INTRODUCTION :

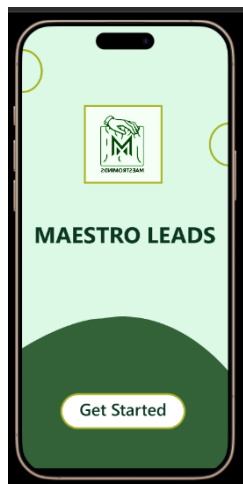

The internship was completed at MaestroMinds in the domain of UI/UX Designing through online mode. During the internship, a CRM Leads Application was designed to manage and track customer leads efficiently, supporting businesses in organizing customer information and improving follow-up processes. The application was designed based on client requirements, focusing on a simple, clean, user-friendly, and professional interface. A light and dark green themed UI/UX design was implemented to ensure visual consistency and a professional appearance. The design emphasized ease of navigation, clarity, and improved user experience.

2. OBJECTIVES:

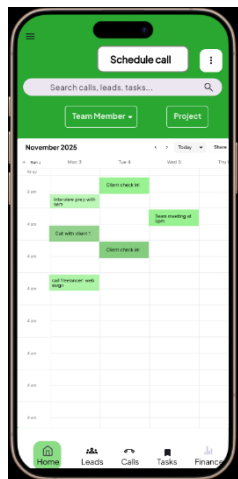

- To gain practical knowledge in UI/UX designing
- To understand client requirements and convert them into an effective design
- To design a CRM Leads application that helps in managing and tracking customer leads efficiently
- To create a simple, clean, and user-friendly interface
- To apply UI/UX principles such as usability, consistency, and accessibility
- To design a professional application using a light and dark green themed UI
- To improve my design thinking, creativity, and problem-solving skills

3. RESPONSIBILITIES:

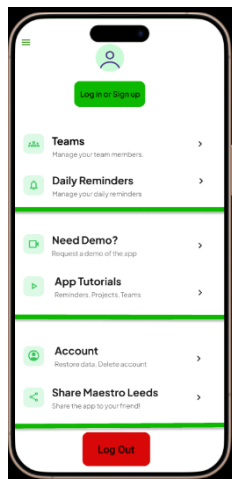

- Understanding the client requirements for the CRM Leads application
- Analyzing the purpose of the CRM system and user needs
- Designing wireframes and UI layouts for different screens
- Creating a simple, clean, and user-friendly UI/UX design
- Applying consistent colors, typography, and layout structure
- Designing the application using a light and dark green themed interface
- Ensuring smooth navigation and usability across the application
- Making improvements based on feedback and usability considerations
